Our Mission:
reduce the prevalence of preventable disease in the United States.

The Clinton Health Matters Initiative (CHMI) works to improve the health and well-being of people across the U.S. by activating individuals, communities, and organizations to make meaningful contributions to the health of others. By building strategic partnerships, working across sectors, and leveraging technology and digital innovation, CHMI aims to reduce the prevalence of preventable diseases and close health inequity and disparity gaps, thus improving the quality of life for people across the U.S.
NATIONAL HEALTH TRANSFORMATION
Working to improve employee health, college campus health, military family and veterans health and to decrease prescription drug overdose.

COMMUNITY HEALTH TRANSFORMATION
Collective community impact program leading to 5-year strategic plans being developed and implemented in regions across the United States.

ACTIVATION SUMMIT AND TOWN HALLS
Bringing together leaders in health to discuss challenges and discover solutions.

Reach Matters

8 MILLION
local residents will benefit from community health transformations in six regions

85 MILLION
An estimated 85 million people in the U.S. will be reached through strategic partnerships developed across industry sectors

23 MILLION
Annual Activation Summit attracts 23 million social media users

120
120 organizations and businesses are collaborating to improve the health and wellness of employees

10,000
Approximately 10,000 lives are expected to be saved over the next three years by reducing opioid drug-related deaths

Process Matters
It’s not just what we do, but how we do it.

Synthesize
community, regional or national unique health indicators to determine areas of greatest need.

Convene
key stakeholders from across sectors to set solution priorities.

Launch
bold action goals with strategic partners and working groups.

Facilitate
ongoing coordination of strategic partners and working groups using resources across sectors to aid in the implementation of the bold action goals.

Evaluate
continuous improvement process that includes monitoring progress, celebrating successes, and addressing opportunities for recalibration.
