

November 15, 2022

Dear Reader:

In 2021, the global community continued to reckon with significant sustained and emerging challenges. The COVID-19 pandemic exposed and exacerbated longstanding inequities in our health care system; conflicts around the world brought the number of displaced people and refugees to an all-time high; economic opportunity remained elusive for too many; and climate change continued to threaten our planet and the health and livelihoods of people across the globe.

At the Clinton Foundation, we remain determined to meet this moment with a spirit of creative cooperation. The programs we have launched over two decades build on President Clinton's belief in the power of partnerships and the responsibility to act to address urgent challenges. In 2021, the Foundation's programs continued to partner with communities, organizations, and individuals across the United States and around the world – to transform efforts to improve crop yields and incomes with smallholder farmers in Malawi, Rwanda, and Tanzania; to support renewable energy and fight the climate crisis in island states; and to promote early childhood development, support healthy habits for young people, and combat the overdose crisis across the United States. The Clinton Presidential Center in Little Rock continues to inspire new generations of leaders through the lessons of President Clinton's life in public service. And, we also continue to convene a community of doers across public, private, and not-for-profit sectors to take action through the Clinton Global Initiative (CGI) and develop communities of young and emerging leaders through the CGI University and Presidential Leadership Scholars programs.

I encourage you to read our 2021 Impact Report, at <u>clintonfoundation.org/nextup</u>, to be inspired by stories of the communities where we operate, directly from our staff across each of our programs.

The Foundation regularly assesses where we can make the most positive impact and where we can have a unique role in the future. The Foundation has always had an outsized impact when we focus on partnership building – particularly when we can act in an agile way, bringing together leaders and experts from across sectors to focus on urgent challenges. In 2021, we made the strategic decision to build on this model – to grow the scope of CGI's work and focus more on partnership building, fostering commitments to action and convening diverse groups of leaders from across different sectors. This included the relaunch of CGI's September convening timed to the U.N. General Assembly in 2022.

As we sharpened our focus on partnership building in 2021, our financial position remained strong. Contributions to the Foundation increased over the previous year, while our endowment continued to grow. Our work in 2021 was fully funded through our revenue and returns from the endowment, and the long-term sustainability of our programs is strong. We continue to receive high ratings from charity evaluators and entered this year well prepared for the expansion of our convening-based model.

We are grateful to all our supporters and partners for the work they continue to make possible. We know that when we work together, we can make a substantial difference in the lives of many – and this spirit of cooperation is needed now more than ever.

Sincerely,

\_ H\_\_\_

## Independent Auditor's Report

## To the Board of Directors Bill, Hillary & Chelsea Clinton Foundation

#### Opinion

We have audited the consolidated financial statements of Bill, Hillary & Chelsea Clinton Foundation (the "Clinton Foundation"), which comprise the consolidated statement of financial position as of December 31, 2021, and the related consolidated statements of activities and cash flows for the year then ended, and the related notes to the consolidated financial statements.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Clinton Foundation as of December 31, 2021, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Clinton Foundation and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Clinton Foundation's ability to continue as a going concern for one year after the date that the consolidated financial statements are issued.

## Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Clinton Foundation's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Clinton Foundation's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## Notes to Consolidated Financial Statements December 31, 2021

#### Note 1 - Nature of operations and summary of significant accounting policies

#### Nature of operations

The Bill, Hillary & Chelsea Clinton Foundation ("Clinton Foundation") furthers President Clinton's legacy of putting people first. To achieve this, the Clinton Foundation works with strategic partners to develop and implement programs that create economic opportunity, improve public health, and inspire civic engagement and service.

We create economic opportunity by assisting farmers in Africa to increase their yields and incomes; combating the effects of climate change through renewable energy efforts in island nations; and bringing together leaders across sectors to make commitments to promote inclusive economic growth.

We work to improve public health by confronting challenges such as the overdose crisis and childhood obesity; and supporting parents and caregivers with tools to talk, read, and sing with their young children from birth to promote early brain and language development.

We inspire civic engagement and service through programs that help college students improve the lives of others and change the world; support networks that foster women's leadership in the renewable energy sector; and a partnership among the presidential libraries of President Clinton, President George W. Bush, George H.W. Bush, and Lyndon B. Johnson to cultivate promising leaders from the business, academic, public service, nonprofit, and military sectors as they seek to create positive change on the issues confronting their communities. The Foundation also operates the Clinton Presidential Center in Little Rock, which provides year-round cultural and educational opportunities and is home to the Clinton Presidential Library and Museum, one of the largest archival collections in American presidential history.

The initiatives are as follows:

- The Clinton Climate Initiative ("CCI") collaborates with governments and partners to increase
  the resiliency of communities facing climate change by creating and implementing replicable
  and sustainable models. CCI's approach unites a wide range of partners to facilitate
  renewable energy projects, addressing major sources of greenhouse gas emissions while
  also saving money for individuals, communities and governments and helping to grow
  economies. CCI also brings hundreds of professional women together through the WIRE
  Network, which supports female leadership in the energy sector in island nations in the
  Caribbean and Africa. In 2021, the CCI supported new projects including assistance for solar
  projects in the Bahamas; global, virtual training courses on floating solar photovoltaic systems;
  and continued support of the Women in Renewable Energy Network which met virtually with
  Chelsea Clinton to discuss solutions for mainstreaming equitable, gender-based approaches
  to climate action.
- The Clinton Development Initiative ("CDI") created the Community Agribusiness ("CAB") approach which groups farmers together to collectively increase the quantity, quality, and consistency of their production while also improving their access to resources and inputs to address challenges farmers face, and open agribusiness opportunities. Through CAB in Malawi, Tanzania, and Rwanda, CDI performs outreach to farming communities to increase access and help them participate equitably with local markets and financial institutions. In 2021, CDI continued to support networks of farmers in Malawi, Tanzania, and Rwanda, while also increasing access to banks and financial independence, improving wages, and increasing women and youth's participation in community agribusiness.

## Notes to Consolidated Financial Statements December 31, 2021

- The Clinton Global Initiative's ("CGI") mission is to inspire, connect, and empower everyone to forge solutions to the world's most pressing challenges. In 2021, CGI brought leaders together to address pressing world issues including economic inclusion, vaccine hesitancy, and climate resilience. The Clinton Global Initiative University also hosted its annual meeting and rallied students as they worked to effect change on the climate crisis, mental health, public health, education, and more.
- The Clinton Foundation's Overdose Response Network ("ORN") works to address the
  overdose crisis by increasing education and awareness to decrease stigma and curb
  addiction, while providing communities with the tools they need to combat the epidemic and
  save lives. In 2021, ORN continued its work to expand distribution of doses of naloxone to
  recovery residences and community organizations, while convening local and national leaders
  across faith and science to chart actionable solutions to the overdose crisis.
- The William J. Clinton Presidential Center and Park ("Clinton Center") is the home of the Little Rock offices of the Clinton Foundation; is the site of operations for the Clinton Presidential Library and Museum and the Clinton School of Public Service (a branch of the University of Arkansas system, not a program of the Foundation); and is a managing partner of the Presidential Leadership Scholars program, a national bipartisan executive-style leadership development initiative. The Clinton Center provides year-round educational and cultural opportunities to visitors of all ages that reflect President Clinton's lifetime commitment to advancing opportunity for everybody, instilling responsibility throughout our society, and cultivating a sense of community within our great nation. In 2021, the Clinton Center offered free, virtual educational programming for students and educators across the country. The Clinton Center hosted a virtual program series on health equity, convening health experts and practitioners to discuss maternal health disparities, COVID-19, and other challenges.
- Too Small to Fail, the early childhood initiative of the Clinton Foundation, is leading a public awareness and action campaign to promote the importance of early brain and language development and to support parents with tools to talk, read, and sing with their young children from birth. Today, almost 60% of children in the United States start kindergarten unprepared, lagging behind their peers in critical language and literacy skills necessary for success in school and beyond. In 2021, Too Small to Fail continued supporting families amid the pandemic. The initiative also expanded its partnership with the LaundryCares Foundation, hosting its fourth annual Laundry & Literacy Summit to promote early learning in laundromats as well as other spaces such as grocery stores, and public housing. The initiative continued its partnership with playground manufacturer Landscape Structures, Inc., to expand the number of literacy-focused playgrounds and create Story Trails: structures that display pages of a children's book along a path or walkway so that families can read together while exploring outside.
- The Alliance for a Healthier Generation ("Healthier Generation") an independent entity founded by the Clinton Foundation and the American Heart Association, works to ensure every mind, every body and every young person is healthy and ready to succeed. Since its inception, over 31 million U.S. school children have begun leading healthier lives. In 2021, Healthier Generation continued providing COVID-19 resources, assessments, trainings, and webinars to tens of thousands of educators, parents, and caregivers. The Healthier Generation family expanded, as the Walking Classroom joined the initiative. Healthier Generation partnered with CVS Health and the American Heart Association to launch the

Tobacco-Free Schools Initiative, which created a unique evidence-based Tobacco-Free Model School Policy.

#### Basis of accounting

Clinton Foundation prepares its consolidated financial statements using the accrual basis of accounting and accounting principles generally accepted in the United States of America ("US GAAP") for not-for-profit entities.

## **Principles of consolidation**

The accompanying consolidated financial statements of the Clinton Foundation incorporate the accounts of the Clinton Foundation, including the accounts of all programs and operating offices of the Clinton Foundation. Additionally, the consolidated financial statements include the net assets and activities of Acacia Development Co., in which the Clinton Foundation maintains an economic interest and financial control. All intercompany balances and transactions have been eliminated upon consolidation.

## Use of estimates

The preparation of consolidated financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### Cash and cash equivalents

The Clinton Foundation considers all liquid investments with original maturities of three months or less to be cash equivalents. At December 31, 2021, the Clinton Foundation's cash and assets limited as to use accounts exceeded federally insured limits by approximately \$7,971,000 and cash in foreign accounts that may not be insured totaled approximately \$304,000. At December 31, 2021, cash equivalents consisted primarily of U.S. Treasury funds and money market accounts with brokers, which are included in investments on the consolidated statement of financial position.

#### Investments and net investment return

Investments in equity securities having a readily determinable fair value and all debt securities are carried at fair value. The Clinton Foundation uses the practical expedient of valuing certain alternative investments at net asset value ("NAV") per the Financial Accounting Standards Board ("FASB") Accounting Standards Update ("ASU") No. 2015-07, *Fair Value Measurement* (Topic 820): *Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent).* Investments whose fair value is measured at NAV are excluded from the fair value hierarchy but are presented in fair value tables as a reconciling item between the hierarchy table and total investments per the consolidated statement of financial position.

Net investment return includes dividend, interest, and other investment income; realized and unrealized gains and losses on investments carried at fair value; and realized gains and losses on other investments. External and direct internal investment related expenses are netted against investment returns.

Net investment return is reflected in the consolidated statement of activities as with donor restriction or without donor restriction based upon the existence and nature of any donor- or legally-imposed restrictions.

## Notes to Consolidated Financial Statements December 31, 2021

#### Receivables

Receivables primarily consist of contributions and grants receivable. Contributions and grants receivable are stated at the amount pledged by donors and grantors, net of present value discounts. The Clinton Foundation provides an allowance for doubtful contributions and grants receivable, which is based upon a review of outstanding receivables, historical collection information and existing economic conditions. Delinquent contributions and grants receivable are written off based on the specific circumstances of the donor or grantor making the pledge.

Accounts receivable are comprised primarily of program related billings due, general deposits, travel advances and various deposits for leased facilities.

#### Property and equipment

Property and equipment are stated at cost less accumulated depreciation. Depreciation is charged to expense primarily by the straight-line method. Leasehold improvements are amortized over the shorter of the life of the lease or the useful life of the asset.

The estimated useful lives for each major classification of property and equipment are as follows:

Building and fixtures	10 - 40 years
Leasehold improvements	4 - 20 years
Furniture and equipment	3 - 10 years

#### Net assets

Net assets, revenues and releases from restriction are classified based on the existence or absence of donor restrictions. Accordingly, the net assets of the Clinton Foundation and the changes therein are classified and reported in two categories of net assets:

Net assets without donor restrictions - Net assets that are not subject to donor-imposed restrictions, including the net investment in fixed assets, gifts with no donor restriction and current funds without donor restriction.

Net assets with donor restrictions - Net assets that are restricted by a donor for use for a specific purpose or in a future period. Some donor-imposed restrictions are temporary in nature, and the restriction will expire when the resources are used in accordance with the donor's instructions or when the stipulated time has passed.

Other donor-imposed restrictions on net assets included in this category are permanent in nature. These net assets have been restricted by donors to be maintained by the Clinton Foundation either in perpetuity or until released by specific action by the Clinton Foundation's Board of Directors in accordance with applicable law. Clinton Foundation's unspent contributions are included in this class if the donor limited their use, as are its donor-restricted endowment funds.

When a donor's restriction is satisfied, either by using the resources in the manner specified by the donor or by the passage of time, the expiration of the restriction is reported in the consolidated financial statements by reclassifying the net assets from net assets with donor restrictions to net assets without donor restrictions.

#### **Revenue recognition**

#### Contributions

Gifts of cash and other assets received without donor stipulations are reported as revenue and net assets without donor restriction. Gifts received with a donor stipulation that limits their use are

## Notes to Consolidated Financial Statements December 31, 2021

reported as revenue and net assets with donor restriction. When a donor-stipulated time restriction ends, or purpose restriction is accomplished, donor-restricted net assets are reclassified to net assets without donor restriction and reported in the statement of activities as net assets released from restrictions. Gifts that are originally restricted by the donor and for which the restriction is met in the same time period are recorded as with donor restriction and then released from restriction.

Gifts of land, buildings, equipment, and other long-lived assets are reported as revenue and net assets without donor restriction, unless explicit donor stipulations specify how such assets must be used, in which case the gifts are reported as revenue and net assets with donor restriction.

Absent explicit donor stipulations for the time long-lived assets must be held, expirations of restrictions resulting in reclassification of net assets with donor restriction to net assets without donor restriction are reported when the long-lived assets are placed in service.

Unconditional gifts expected to be collected within one year are reported at their net realizable value. Amounts expected to be collected in future years are recorded at the present value of estimated future cash flows. The discounts on those pledges are computed using an interest rate for the year in which the promise was received and considers market and credit risk as applicable. Subsequent years' accretion of the discount is included in contribution revenue.

Conditional gifts include both a right of return of the gift to the donor or a right of release of the donor from further funding and depend on overcoming specified barriers to bind the potential donor. Conditional gifts are recognized as assets and revenue when the defined barriers are substantially met, and the gift becomes unconditional. No conditional gifts or pledges for which conditions had not been substantially met were recorded as revenue in 2021. Additionally, as of December 31, 2021, the Clinton Foundation received no conditional gifts.

## Collections

The collections maintained at the William J. Clinton Presidential Library and Museum are the property of the National Archives and, as such, these collections are not included on the consolidated statement of financial position of the Clinton Foundation. Furthermore, the Clinton Foundation is not responsible for the maintenance or preservation of items in the collections.

## Grants

Grant support is received from foundations, governmental units and private entities funding specific programs or events.

Unconditional grants expected to be collected within one year are reported at their net realizable value. Amounts expected to be collected in future years are discounted and recorded at the present value of estimated cash flows. Subsequent years' accretion of the discount is included in grant revenue.

Conditional grants include both a right of return of the funding to the grantor or a right of release of the grantor from further funding and depend on overcoming specified barriers to bind the grantor. Conditional grant funding is recognized as asset and revenue as the defined barriers are substantially met, and the support becomes unconditional. At December 31, 2021, grant revenue of approximately \$1,037,000 has not been recognized in the accompanying consolidated statement of activities because the conditions on which recognition depends have not yet been met.

## Notes to Consolidated Financial Statements December 31, 2021

Grant funding received before a measurable performance or other barrier is met are recognized in the statement of financial position as deferred revenue. No conditional grant revenue for which conditions had not been substantially met were recorded in 2021.

#### **Presidential Center**

Revenue earned from the Presidential Center include admissions, gift shop and food sales. The Clinton Foundation recognizes revenue when payment is tendered at the point of sale as the Clinton Foundation's performance obligation is deemed to have been satisfied at that time.

#### Other income

Other income includes net revenues attributable to program specific transactions, sublease rental income, and gains and losses on sale of fixed assets.

#### Income taxes

The Clinton Foundation is exempt from income taxes under Section 501 of the Internal Revenue Code and a similar provision of state law. However, the Clinton Foundation is subject to federal income tax on any unrelated business taxable income. There is no material tax liability due to unrelated business income. Therefore, no provision for income taxes on unrelated business income has been included in the consolidated financial statements. If necessary, the Clinton Foundation would recognize interest and penalties associated with tax matters as part of the income tax provision and include accrued interest and penalties with the related tax liability in the accompanying consolidated statement of financial position. The consolidated for-profit entity, Acacia Development Co., has a net loss. It is difficult to estimate whether the tax benefit resulting from this loss will be utilized within the prescribed period as defined by pertinent tax law. Any such benefit will be recorded in the future proportionally to the tax losses utilized and is immaterial to the consolidated financial statements.

Management has analyzed tax positions taken by the consolidated entities and has concluded that, as of December 31, 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the consolidated financial statements.

#### **Functional allocation of expenses**

The costs of supporting the various programs and other activities have been summarized on a functional basis in the consolidated statement of activities. Costs that can be identified with a specific program or support service are charged directly to that program or support service. Costs common to multiple functions have been allocated among the program services, management and general and fundraising categories based on time and effort measurements and other methods:

- Staff costs are allocated based on time and effort.
- Occupancy, depreciation, and information technology costs are allocated based on square footage.
- Management and general expenses include costs not identifiable with any specific program, but which provide for the overall support and direction of Clinton Foundation.
- Fundraising costs are expensed as incurred, even though they may result in contributions received in future years.

## Notes to Consolidated Financial Statements December 31, 2021

## **Deferred revenue**

Deferred revenue includes conditional granted and contributed funds received in advance for delivery of program services. These amounts are recognized as revenue when earned based on the underlying agreement. Deferred revenue as of December 31, 2021 was \$1,013,371.

## Translation of non-U.S. currency amounts

Assets and liabilities that have a local functional currency are translated to U.S. dollars at year-end exchange rates. Income and expense transactions are recorded at exchange rates prevailing during the year. Translation adjustments are recorded in expenses.

Property and equipment, net and other nonmonetary assets and liabilities are translated at the approximate exchange rate prevailing when the assets or liabilities are acquired. All other assets and liabilities denominated in a currency other than U.S. dollars are translated at year-end exchange rates with the transaction gain or loss recognized in other revenue and expense.

## Recent accounting pronouncements

In February 2016, FASB issued ASU 2016-02, *Leases (Topic 842)*, which replaces existing lease accounting guidance and requires lessees to disclose key information about leasing arrangements and recognize right of use assets and corresponding lease liabilities on the statement of financial position. Topic 842 applies to most leases, including those classified as operating, except for short-term leases. In June 2020, FASB issued ASU 2020-05, which in part provides for the elective deferral of adoption to annual reporting periods beginning after December 15, 2021, for certain entities.

The Clinton Foundation has elected to apply the deferral provided by ASU 2020-05 and therefore expects to adopt Topic 842 for the fiscal year beginning after December 15, 2021, on a modified retrospective basis. The Organization is currently evaluating the potential impact of adopting Topic 842 on its financial statements.

In September 2020, FASB issued ASU 2020-07, *Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets (Topic 958)*, to increase transparency around contributed nonfinancial assets received by not-for-profit organizations, including transparency on how those assets are used and how they are valued. The ASU is effective, on a retrospective basis, for fiscal years beginning after June 15, 2021. The Organization is currently evaluating the impact of adopting the ASU but does not anticipate a material change to its financial statements.

## Notes to Consolidated Financial Statements December 31, 2021

## Note 2 - Liquidity and availability

\_.

As of December 31, 2021, the Clinton Foundation's liquid resources and financial assets available within one year for general expenditure, such as operating expenses, were as follows:

Financial assets at year end:	
Cash	\$ 4,651,083
Assets limited as to use	2,851,404
Accounts receivable, net	557,682
Contributions and grants receivable, net	16,112,202
Investments	 251,530,251
Total financial assets	 275,702,622
Less amounts not available to be used within one year:	
Net assets with donor restrictions	(269,953,340)
Less restricted net assets with liquidity in the next year:	
Contributions and grants receivable	3,525,590
Net assets with purpose restrictions to be met in next year Endowment investment return with liquidity in next year	2,893,116
per spending policy	 10,463,242
	 (253,071,392)
Financial assets available to meet general expenditures	
over the next 12 months	\$ 22,631,230

Clinton Foundation has certain donor-restricted assets limited as to use which are available for general expenditure within one year in the normal course of operations. Accordingly, these assets have been included in the quantitative information above for financial assets to meet general expenditures within one year.

Clinton Foundation has time restricted contributions that will also be available for general expenditures in the next year which are included as liquid assets available in the next year.

In addition, the Clinton Foundation's spending policy allows for annual spending based on 3%-5% of the trailing 12-quarter average of the endowment or similar formula. A measure of this investment return is included in assets available to meet general expenditures over the next 12 months.

#### Note 3 - Assets limited as to use

Assets limited as to use represent the cash available on hand restricted to expenditures for specific Clinton Foundation programs pursuant to applicable grants and contracts. As of December 31, 2021, assets limited as to use were \$2,851,404.

#### Notes to Consolidated Financial Statements December 31, 2021

#### Note 4 - Cash reconciliation

The following table reconciles cash and assets limited as to use reported on the consolidated statement of financial position that sum to the total of cash and assets limited as to use on the consolidated statement of cash flows:

Cash	\$ 4,651,083
Assets limited as to use	2,851,404

#### Note 6 - Investments and fair value measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1: Quoted prices in active markets for identical assets or liabilities.
- Level 2: Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

#### Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Level 1 securities include money market funds, equity securities and mutual funds. If quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics or discounted cash flows. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the

### Notes to Consolidated Financial Statements December 31, 2021

hierarchy. The Clinton Foundation did not have any Level 2 or Level 3 measurements at December 31, 2021.

The Clinton Foundation has certain alternative investments in limited partnerships ("LPs") and corporations for which there is not a readily determinable fair value. These investments have financial statements consistent with the measurement principles of an investment company or have the attributes of an investment company. For such investments, as a practical expedient, the Clinton Foundation uses its ownership interest in the entity NAV to determine the fair value. These investments valued at NAV are no longer included within Levels 1, 2, or 3 in the fair value hierarchy, but are included in the fair value table for purposes of investment reconciliation to amounts in the consolidated statement of financial position.

Investments at December 31, 2021, consisted of the following:

Cash and cash equivalents Due from broker Mutual Funds	\$ 7,669,922 99,224,551 52,289,953

Investments are comprised of the following components:	
Speakers' endowment Other endowment	\$ 573,373 250,956,878
	\$ 251,530,251

Certain investments were liquidated on December 31, 2021 and proceeds were reinvested on January 1, 2022. The timing of the transactions resulted in a due from broker of \$99,224,551 at December 31, 2021.

LPs and Corporations	Investment Strategy
Multi-Strategy Credit	The Multi-Strategy Credit Fund allocates capital on a flexible and opportunistic basis across a broad universe of credit securities, including high yield bonds and loans. The strategy is global, with a depth of credit research capabilities across the U.S., Europe, China and Emerging Markets. Macro views may lead the manager to cross-over into Investment Grade Credit and actively manage interest rate risk.
Intermediate Fund	The Fixed Income Intermediate Fund strives to outperform the Bloomberg Barclays Intermediate U.S. Government/Credit Index by investing primarily in investment-grade fixed income securities, including obligations issued or guaranteed by the U.S. government; corporate securities; municipal securities; municipal securities; 144A securities; convertible securities; inflation indexed securities; U.S. dollar-denominated debt of foreign issuers; residential and commercial backed securities and obligations; preferred and hybrid capital securities and money market instruments.
Strategic Fixed Income	The Strategic Fixed Income Portfolio allocates capital to a number of managers who approach the world's fixed income, foreign exchange and credit markets with strong research skills and/or quantitative and technical insights. Investment strategy is designed for production of fixed income.
Private Equity	The Private Equity Portfolio allocates capital to a number of managers who seek to exceed the return of the global public equity market through value generation and operational intensity. The underlying fund investments are generally expected to span a range of strategies including, without limitation, investments of the following nature: buyout, growth capital, venture capital, distressed credit and direct lending. In addition, the Portfolio intends to consider, and may include, strategies that are sector specific and may be related to physical assets such as real estate and natural resources.

## Note 9 - Endowment

The Clinton Foundation Endowment Fund ("Endowment") consists of funds established to support the Clinton Foundation's mission to improve lives by working together with partners across the United States and around the world to create economic opportunity, improve public health, and inspire civic engagement and service. In furtherance of its mission, the overall goal of the Endowment is to provide a stable source of financial support and liquidity for the mission of the Clinton Foundation. The Endowment is comprised of donor-restricted endowment funds. As required by US GAAP, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

## Notes to Consolidated Financial Statements December 31, 2021

Applicable law requires that all endowment funds be classified as net assets with donor restriction. In the Endowment, these comprise two types of funds: (1) funds that have donor restrictions requiring that they be maintained in perpetuity and (2) funds that do not have donor restrictions as to the term for which such funds must be maintained prior to their appropriation for spending and which can be appropriated for spending by specific action of the Clinton Foundation's Board of Directors. In the latter instance, where there is no such explicit donor restriction within the gift instrument, the Clinton Foundation has determined that it will prudentially classify the original value of a gift and any subsequent gifts made under the same instrument as subject to donor restriction given the totality of the circumstances of the gift. Accumulated earnings on the Endowment are also classified as net assets with donor restriction until those amounts are appropriated for expenditure by the Clinton Foundation. The Clinton Foundation makes all determinations to appropriate or accumulate donor-restricted endowment funds in a manner consistent with the standard of prudence prescribed by applicable law, including the Uniform Prudent Management of Institutional Funds Act ("UPMIFA").

The Clinton Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds: (1) the duration and preservation of the various funds, (2) the purposes of the Clinton Foundation and donor-restricted endowment funds, (3) general economic conditions, (4) the possible effect of inflation and deflation, (5) the expected total return from income and the appreciation of investments, (6) other resources of the Clinton Foundation, (7) the Clinton Foundation's investment policies, and (8) where appropriate, alternatives to spending from the donor-restricted endowment funds and the possible effects of those alternatives on the Clinton Foundation.

The composition of net assets with donor restrictions by type of endowment fund at December 31, 2021, were as follows:

	Accumulated Endowment Earnings*	Endowment Fund	Total
Endowment net assets, beginning of year Investment return	\$ 49,670,928	\$ 185,428,251	\$ 235,099,179

Endowment net assets, end of year	\$ 73,940,469	\$ 185,608,234	\$ 259,548,703

(\*) Accumulated endowment earnings are subject to the organization's appropriation spending policy.

Net endowment contributions receivable as of December 31, 2021 were \$8,150,996.

The Endowment was created in 2013. The Clinton Foundation Board of Directors subsequently appointed members to the Investment Committee which is empowered to approve and adopt investment policies and procedures so that endowment funds and their related returns are spent in

## Notes to Consolidated Financial Statements December 31, 2021

accordance with UPMIFA and donors' intent and maintain the appropriate amount of risk and return for the Clinton Foundation's purposes. For the long-term, the primary investment objective for the Endowment is to earn a total return (net of all investment program fees), within a prudent level of risk, which is sufficient to maintain in real terms the purchasing power of the Endowment, support operating expenses and payout requirements and provide moderate capital appreciation after accounting for such distributions and expenses. The risk tolerance of the Clinton Foundation is moderate. Moderate fluctuations in market value can be tolerated over time, and stability of the overall corpus is valued for predictability and consistency of payouts over time. This tolerance, as dictated by market conditions and organizational circumstances, may be adjusted over time. The Clinton Foundation's investment time horizon is long-term. The Clinton Foundation, in consultation with the Investment Committee, has delegated to an Investment Advisor the day-to-day implementation of the investment program as set forth in the Clinton Foundation's Investment Policy Statement. The specific roles and responsibilities of the Investment Advisor are governed by a written investment management agreement, signed, and agreed to by the Clinton Foundation and the Investment Advisor.

The following is a summary of the revised asset allocation guidelines and performance benchmarks adopted by the Clinton Foundation:

Actual allocations by major asset class are consistent with near-term targets.

The Endowment uses two different spending policies, one for the near-term and one for the longterm, to be adopted once the Clinton Foundation reaches a threshold set at the Board of Director's discretion. The near-term spending policy dictates that no spending will occur from the Endowment for the foreseeable future as the corpus is established and grows meaningfully from inflows. The longterm spending policy specifies that annual spending will be based on 3%-5% of the trailing 12-quarter average of the Endowment or similar formula. By using the trailing 12-quarter average, the Clinton Foundation aims to smooth the spending amount and avoid large swings, providing a consistent and predictable level of financial support for the Clinton Foundation over time. The Clinton Foundation Board approved a \$15,000,000 distribution of endowment net appreciation from these funds for

## Notes to Consolidated Financial Statements December 31, 2021

spending during 2021. Distributions of endowment net appreciation totaling \$10,500,000 occurred throughout the year as needed to support programs and operations.

#### Note 10 - Functional expenses

The consolidated financial statements report certain categories of expenses that are attributable to more than one program or supporting function. These expenses are allocated, as described in Note 1, on a reasonable basis that is consistently applied. The expenses that are allocated include information technology costs, depreciation, office, and occupancy (allocated on a square footage basis), and certain salaries and benefits which are allocated based on time and effort.

#### Note 11 - Operating leases

The Clinton Foundation leases numerous office spaces, both domestically and internationally, under both cancellable and noncancelable operating lease agreements. These leases expire at various dates through 2028.

The future minimum lease payments under these leases are as follows:

2022	\$ 1,669,000
2023	1,678,000
2024	1,747,000
2025	1,747,000
2026	1,747,000
Thereafter	 2,247,000
	\$ 10,835,000

Rental expense for all operating leases for 2021 was \$1,799,000.

There is a standby letter of credit totaling approximately \$409,000 in support of the lease of the New York Office. There is no amount outstanding on the letter of credit as of December 31, 2021.

## Notes to Consolidated Financial Statements December 31, 2021

## Note 12 - Pension plan

Retirement benefits are offered to the Clinton Foundation employees based on eligibility. These benefits vary and are dependent on employee type and location.

- U.S.-based staff and U.S. expatriates are eligible to contribute into a 401(k) plan which the Clinton Foundation matches up to 6% of the employee contribution.
- Third country nationals and local national retirement plans are available in a select number of countries. The Clinton Foundation also contributes to the national social security fund in many of the countries in which it operates as stipulated by local law.

Pension expense was \$854,489 for 2021.

## Note 13 - Transactions with the National Archives and Records Administration and lease with the City of Little Rock, Arkansas

In 2004, the Clinton Foundation entered into a joint use, operating and transfer agreement with the National Archives and Records Administration ("NARA") that expires February 29, 2101. Under the agreement, NARA agreed to operate certain areas of the facility known as the William J. Clinton Presidential Library and Museum (the "Library") for the purposes of housing, preserving, and making available, through historical research, exhibitions, educational programs, and other activities, the presidential records, and historical materials of President William Jefferson Clinton.

Because the terms of the lease essentially transfer to NARA the right to use portions of the Library for a period in excess of the property's expected economic life, the cost of construction of those areas operated by NARA, which amounted to approximately \$36,000,000, has been excluded from the Clinton Foundation's consolidated statement of financial position.

The land occupied by the Library is owned by the City of Little Rock, Arkansas (the "City"), but is leased to the Clinton Foundation under a 99-year lease for a nominal annual amount. The Clinton Foundation is responsible for maintaining those areas within 75 feet of the buildings and certain land improvements. Maintenance of the remaining land is the responsibility of the City. Because the lease with the City does not convey exclusive right to the use of this land and because it is to be operated in a manner similar to other City parks, the Clinton Foundation does not recognize the present value of the lease's fair value within its consolidated financial statements.

#### Note 14 - Significant estimates and concentrations

US GAAP requires disclosure of certain significant estimates and current vulnerabilities due to certain concentrations. These matters include the following:

#### Assets in foreign countries

The Clinton Foundation maintains cash balances and equipment in Africa and South America. At December 31, 2021, the Clinton Foundation had approximately \$304,000 deposited in foreign banks and equipment and inventory with an acquisition cost of approximately \$795,000 in foreign countries.

#### Notes to Consolidated Financial Statements December 31, 2021

#### **Contributions and grants**

For the year ended December 31, 2021, the concentration of earned revenue was as follows:

Government and multilaterals	<1 %
Foundations	32
Other donors	68_
	100 %

Contribution and grant revenue recorded in the consolidated statement of activities totaled approximately \$27,526,000 for the year ended December 31, 2021.

#### Litigation

The Clinton Foundation is, from time to time, subject to claims that arise primarily in the ordinary course of its activities. Currently, management is not aware of any such claim or claims that would have a material adverse effect on the Clinton Foundation's consolidated financial position or net assets. Events could occur, however, that would change this estimate materially in the near-term.

#### Note 15 - Subsequent events

Subsequent events have been evaluated through November 1, 2022, which is the date the consolidated financial statements were available to be issued.

Subsequent to year end, in April 2022, pursuant to the terms and provisions of the July 27, 2017 sublease agreement between the Clinton Foundation (lessee) and Extreme Reach, Inc. (lessor) Clinton Foundation exercised its one-time right to terminate the sublease of office space located in New York City as of October 1, 2023. Per the agreement, the Clinton Foundation paid an early termination penalty of \$1,091,790, equal to eight months of the lease base rent. The sublease early termination will eliminate sublease payments from October 2023 through April 2028, totaling approximately \$7,900,000, which will be offset in part by lease payments for an alternative New York office location. Termination of the sublease was made to relocate to office space that better suits current space requirements and to provide anticipated long-term savings.

#### Note 16 - Risks and uncertainties

The extent of the impact of COVID-19 on Clinton Foundation operational and financial performance will depend on certain developments, including the duration and spread of the outbreak and its impacts on donors, customers, employees, and vendors, all of which at present, cannot be determined. Accordingly, the extent to which COVID-19 may impact Clinton Foundation's financial position and changes in net assets and cash flows is uncertain and the accompanying consolidated financial statements include no adjustments relating to the effects of this pandemic.

During 2021, anticipating a more challenging investment environment, Clinton Foundation invested in new sources of resiliency to inflation and economic downturns. During 2022 global uncertainty and investment volatility have escalated. Due to the prevailing economic and investment climate, for the nine months ended September 30, 2022, estimated investment losses totaled approximately \$36,400,000 or 15%. Clinton Foundation continues to monitor the portfolio, which is in-line with asset allocation targets.

## Part IV Supporting Organizations

(Complete only if you checked a box in line 12 on Part I. If you checked box 12a, Part I, complete Sections A and B. If you checked box 12b, Part I, complete Sections A and C. If you checked box 12c, Part I, complete Sections A, D, and E. If you checked box 12d, Part I, complete Sections A and D, and complete Part V.)

### Section A. All Supporting Organizations

- 1 Are all of the organization's supported organizations listed by name in the organization's governing documents? If "No," describe in Part VI how the supported organizations are designated. If designated by class or purpose, describe the designation. If historic and continuing relationship, explain.
- 2 Did the organization have any supported organization that does not have an IRS determination of status under section 509(a)(1) or (2)? If "Yes," explain in Part VI how the organization determined that the supported organization was described in section 509(a)(1) or (2).
- 3a Did the organization have a supported organization described in section 501(c)(4), (5), or (6)? If "Yes," answer lines 3b and 3c below.
- b Did the organization confirm that each supported organization qualified under section 501(c)(4), (5), or (6) and satisfied the public support tests under section 509(a)(2)? If "Yes," describe in Part VI when and how the organization made the determination.
- c Did the organization ensure that all support to such organizations was used exclusively for section 170(c)(2)(B) purposes? If "Yes," explain in Part VI what controls the organization put in place to ensure such use.
- 4a Was any supported organization not organized in the United States ("foreign supported organization")? // "Yes," and if you checked box 12a or 12b in Part I, answer lines 4b and 4c below.
- b Did the organization have ultimate control and discretion in deciding whether to make grants to the foreign supported organization? If "Yes," describe in Part VI how the organization had such control and discretion despite being controlled or supervised by or in connection with its supported organizations.
- c Did the organization support any foreign supported organization that does not have an IRS determination under sections 501(c)(3) and 509(a)(1) or (2)? If "Yes," explain in Part VI what controls the organization used to ensure that all support to the foreign supported organization was used exclusively for section 170(c)(2)(B) purposes.
- **5a** Did the organization add, substitute, or remove any supported organizations during the tax year? If "Yes." answer lines 5b and 5c below (if applicable). Also, provide detail in Part VI, including (i) the names and EIN numbers of the supported organizations added, substituted, or removed; (ii) the reasons for each such action; (iii) the authority under the organization's organizing document authorizing such action; and (iv) how the action was accomplished (such as by amendment to the organizing document).
- b Type I or Type II only. Was any added or substituted supported organization part of a class already designated in the organization's organizing document?
- c Substitutions only. Was the substitution the result of an event beyond the organization's control?
- 6 Did the organization provide support (whether in the form of grants or the provision of services or facilities) to anyone other than (i) its supported organizations, (ii) individuals that are part of the charitable class benefited by one or more of its supported organizations, or (iii) other supporting organizations that also support or benefit one or more of the filing organization's supported organizations? If "Yes." provide detail in Part VI.
- 7 Did the organization provide a grant, loan, compensation, or other similar payment to a substantial contributor (as defined in section 4958(c)(3)(C)), a family member of a substantial contributor, or a 35% controlled entity with regard to a substantial contributor? If "Yes," complete Part I of Schedule L (Form 990).
- 8 Did the organization make a loan to a disqualified person (as defined in section 4958) not described on line 7? If "Yes." complete Part I of Schedule L (Form 990).
- 9a Was the organization controlled directly or indirectly at any time during the tax year by one or more disqualified persons, as defined in section 4946 (other than foundation managers and organizations described in section 509(a)(1) or (2))? If "Yes," provide detail in Part VI.
- b Did one or more disqualified persons (as defined on line 9a) hold a controlling interest in any entity in which the supporting organization had an interest? If "Yes," provide detail in Part VI.
- c Did a disgualified person (as defined on line 9a) have an ownership interest in, or derive any personal benefit from, assets in which the supporting organization also had an interest? If "Yes," provide detail in Part VI.
- 10a Was the organization subject to the excess business holdings rules of section 4943 because of section 4943(f) (regarding certain Type II supporting organizations, and all Type III non-functionally integrated supporting organizations)? If "Yes," answer line 10b below.
  - b Did the organization have any excess business holdings in the tax year? (Use Schedule C. Form 4720, to determine whether the organization had excess business holdings.)
